

Business Fencing

Public

Comment

Period

The City of Rawlins is opening a public comment period through Tuesday, February 20th, 2024, regarding proposed changes to Title 19 related to fencing requirements for tow, impound, junk/salvage/wreckage, and self-storage businesses. This also impacts businesses storing three or more inoperable vehicles, even if they are in the process of repair, as these are storage lots incident to the business.

To review all proposed changes and to submit public comment, please visit www.rawlinswy.gov/comment. The proposed changes and comments can also be viewed at the Public Works office, located at 915 3rd Street, and written comments may be submitted in person, through email, or by US Mail.

The written public comments will be reviewed by staff, Board of Adjustments, Planning and Zoning Commission, and City Council as the City works to update these ordinances. All Board of Adjustments, Planning and Zoning Commission, and City Council meetings are publicized on our website, and we encourage the public to attend throughout the process.

For more information, please contact Mira Miller, City of Rawlins Community Relations/PIO at 307-328-4500 ext. 1022.

The City of Rawlins is studying our rates and fees, and bringing this information to Council in January-March. We encourage the community to visit www.rawlinswy.gov/feestudy or call Community Relations at 307-328-4500 ext. 1022 to review the study and other information.

Any rate/fee changes will take place at a council meeting. There will be prior notice given and a public hearing during the meeting. There will also be a public feedback period prior to any rate/fee changes.

This rate and fee study includes an assessment of all city rates and fees, including:

- Animal Licenses
- Building Permits
- Cemetery Fees
- Contractors' Licenses
- Non-resident, Liquor, and other Business Licenses
- Planning Fees
- Recreation, Shooting Range and Golf Rates
- Rental Fees
- Water and Sewer Rates
